

# Multi-Cup Electric Drip Coffee Maker

This compact coffee maker is designed for brewing multiple cups of coffee. It features a water level indicator and a glass carafe with a handle.

## Overview

### Professional Drip Coffee Solution

The CMJ-2009 is a reliable, high-capacity drip coffee maker designed for efficient brewing in both home and office environments. Featuring a 1.4L water tank and a 10-12 cup capacity, it is built to handle high-volume demands with ease. Its classic design, enhanced with stainless steel accents, ensures it fits seamlessly into any modern kitchen or breakroom.
