

Multi-Door Household Refrigerator with Floral Design

This refrigerator features a multi-door design with floral patterns. It is designed for household use, providing efficient cooling and food storage.

Product Overview

Elegant Multi-Door Cooling Solution

This multi-door household refrigerator combines advanced cooling performance with a unique aesthetic featuring elegant floral patterns. Designed to optimize food preservation and organization, it features a versatile multi-tier layout including a dedicated freezer compartment and a middle drawer for convenient access. Its light color scheme and silver accents provide a sophisticated look suitable for modern residential kitchens.
