

Multi-Function Facial Steam Humidifier

This multi-function humidifier provides 300-400ml/hr of humidification. It can also be used as a facial steamer.

Overview

Versatile Steam Solution

This multi-function steam humidifier is designed for dual-purpose utility, serving effectively as both a room humidifier and a facial steamer. It features a compact design that utilizes standard water bottles as a reservoir, offering a convenient and adaptable solution for maintaining humidity levels. With rapid heating capabilities and an integrated safety auto shut-off, it provides both performance and peace of mind for daily use.
