

Multi-Function Garden Weeder Pruner Saw

This versatile three-in-one tool combines the functionality of a weeder, a high pruner, and a high saw. Designed for efficiency, it allows users to tackle a variety of gardening tasks with a single, adaptable device.

Product Overview

Versatile 3-in-1 Gardening Solution

This professional-grade, three-in-one garden tool offers exceptional versatility by combining a weeder, high pruner, and high saw into a single powerful unit. Driven by an efficient brushless motor and powered by a 2x20V battery system, it provides the mobility required for complex landscaping tasks. Designed with user comfort in mind, it features a foldable handle, adjustable head angles, and an ergonomic shoulder strap for extended operation.
