

# Multi-Function Material Spraying Machine

This multi-function spraying machine is designed for a variety of applications. It features a robust construction with a large hopper for material storage and is mounted on a wheeled chassis for easy maneuverability.

## ADDITIONAL IMAGES

## Product Overview

### High-Efficiency Material Spraying

This multi-function spraying machine is engineered for versatility and high performance in construction environments. Featuring a compact and lightweight design, it is capable of handling a wide range of construction mixtures including screed mortar and cement plaster. With its large 70L hopper and powerful motor, it ensures consistent material delivery for demanding job site applications.

## Technical Performance

Max Delivery Rate	20 L/min
Max Operating Pressure	38 Kg
Max Delivery Height	30 M
Max Delivery Radius	90 M

## Power & Motor

Motor Type	DC Brushless Motor
Voltage/Frequency	230V/50Hz
Motor Output	3000 W

## Capacity & Specifications

Hopper Capacity	70 L
Max Grain Size	5 mm

## Applications

Compatible Materials	Jobsite mixture, Screed mortar, Cement plaster
