Overview

Versatile Precision Weighing

This multi-functional digital weighing scale is engineered for high-precision performance across warehouse, retail, and industrial environments. Featuring a rugged ABS housing and a removable stainless steel platform, it ensures both durability and easy maintenance. With advanced load cell technology and a clear FSTN backlit LCD, it provides reliable, accurate measurements even in challenging lighting conditions.

Performance

System Resolution	1/30,000
Core Functions	Weighing, Counting, Percent Weighing, Accumulation, Data Compare
Units	kg, g, lb, oz

Technical Specifications

Available Models

Model	Capacity
EHC-W-3	3kg x 0.1g / 6lb x 0.0002lb
EHC-W-6	6kg x 0.2g / 15lb x 0.0005lb
EHC-W-15	15kg x 0.5g / 30lb x 0.001lb
EHC-W-30	30kg x 1g / 60lb x 0.002lb

Display	1-window 6-digit 25mm FSTN LCD with backlit
Serial Port	RS232
Power Supply	12V 500mA adapter or 6V 4Ah lead-acid rechargeable battery

Physical Characteristics

Platform Size	297mm x 227mm (11.69" x 8.94")
Operating Temperature	-10°C to 40°C (14°F to 104°F)

Compliance

Approvals

CE • WEEE • UL • BS • VI Energy
