

Multi-Functional Kitchen Food Blender with Grinding Cup

This multi-functional kitchen blender is designed for various food processing tasks. It features a durable construction with a blending jar and a separate small grinding cup, equipped with a rotary control knob for speed adjustment, making it suitable for blending fruits, vegetables, and grinding spices or nuts.

Product Overview

Versatile Kitchen Solution

This multi-functional kitchen appliance is engineered for high-efficiency food processing, making it an essential tool for varied culinary tasks. Designed with a modular system, it includes both a primary blending jar and a dedicated grinding cup to handle both liquid ingredients and dry spices. The intuitive rotary control allows for precise speed adjustment, ensuring optimal texture for fruits, vegetables, and nuts.

Performance

Speed Control	Rotary control knob
