

Multi-Socket Power Strip with USB Charging

This power strip is equipped with multiple Schuko sockets and USB charging ports. It is designed for use in both UK and German electrical systems and includes surge protection.

Product Overview

Professional Power Solution

This versatile multi-socket power strip is designed to streamline your workspace by providing multiple AC outlets alongside dedicated high-speed USB charging ports. Compact and efficient, it is engineered for safety and ease of use in both home and office environments. The built-in power control switch allows for immediate energy management, ensuring devices remain protected when not in use.

Technical Specifications

AC Port Rating

2.5 A

Max Current per Port

USB Output

5 VDC

Voltage

2.4 A

Max Current

Physical Dimensions

Product Dimensions	16.1 x 7.8 x 5.5 cm
Weight	230 g

Features

Safety and Control	Surge Protection, Power Indicator, On/Off Switch
