

Multi-Speed Food Processor with Attachments

This food processor is a versatile kitchen appliance designed for a variety of food preparation tasks. It features a powerful motor and a 2.5L capacity bowl, suitable for processing large quantities of ingredients.

Overview

Professional Food Preparation

This versatile food processor is engineered for high-volume kitchen tasks, featuring a robust 700W motor and a spacious 2.5L mixing bowl. With 10 variable speed settings and a pulse function, it provides precise control for chopping, mixing, slicing, and shredding. The inclusion of a safety locking system and durable stainless steel blades ensures both operational safety and long-term reliability for demanding food preparation environments.
