

Multi-Speed Kitchen Blender with Glass Jar

This high-performance blender is designed for versatile kitchen use. It features a durable glass jar with measurement indicators and stainless steel blades for efficient blending and chopping.

Product Overview

High-Performance Kitchen Blender

This versatile kitchen blender is designed for durability and efficiency, featuring a robust stainless steel body and a high-performance motor ranging from 500W to 800W. It offers precise control with a 3-speed rotary dial plus a pulse function, making it suitable for a wide variety of blending tasks. Safety and longevity are prioritized through a patented double-safe lock system and a specialized waterproof design for the glass jar.
