

Multi-Speed Kitchen Blender with Glass Jar

This blender operates on a voltage of 110V/120V/220V/240V at 50Hz/60Hz, with a wattage of 250W-300W. It features a motor with multiple speed options and includes both a glass jar and plastic cups for wet and dry ingredients.

Product Overview

Versatile Kitchen Performance

This multi-speed kitchen blender is designed for efficiency and durability, featuring a high-speed motor capable of reaching up to 23,000 RPM. With flexible speed options ranging from 6 to 12 settings, it provides precise control for various blending tasks. The unit comes complete with a generous 1500ml glass jar and specialized wet/dry grinding cups, making it a comprehensive solution for professional or home kitchens.
