Product Overview

High-Performance Off-Road Engineering

The RAMPAGE-X is a high-performance alloy wheel featuring an 8 split-spoke design engineered for trucks, SUVs, and off-road vehicles. Utilizing advanced manufacturing technology, this wheel offers a lighter yet stronger rim construction that enhances overall vehicle driving performance. Proven in competitive racing environments, it is now available for street use with a durable finish designed for extreme conditions.

Design & Aesthetics

Spoke Configuration

8 Count

Split Spoke Design

Available Finish

Tough Black Dark Tint • Dark Gray with Contrasting Accents

Performance & Construction

Key Benefits

- Enhanced driving performance
- Lighter rim weight
- Increased structural strength
- Precision-engineered fitment and balance

Manufacturing Technology

Advanced manufacturing for reduced weight and increased strength

Durability Level

Off-Road Extreme

Applications

Usage Environment

- Professional Racing (Superutes Series)
- Street Use
- Off-Road Environments

Compatible Vehicle Types

Trucks, SUVs, Off-Road Vehicles
