

Multi-Spoke Aluminum Alloy Wheel

This alloy wheel features a multi-spoke design and is finished in black with silver and red accents. It is engineered to support a maximum load weight of 850KG.

Product Overview

High-Performance Multi-Spoke Alloy Wheel

This multi-spoke aluminum alloy wheel is engineered for optimal strength and weight, designed to significantly enhance both vehicle handling and visual appeal. Constructed from premium aluminum alloy, the wheel offers excellent durability and resistance to corrosion. Its precision manufacturing ensures a perfect fit, contributing to a smoother and more reliable ride for a wide range of vehicle models.

Technical Specifications

Material

Aluminum Alloy

Diameter Range

16 - 18 inches

PCD Configuration

4/5-100/130

Design Features

Finish

Black Finish, Silver Accents, Red Accents

Style

Multi-Spoke
