

Multifunction Rechargeable Lantern with AM/FM Radio and Cassette Player

This portable multifunction lantern features an AM/FM radio, cassette player, and LED flashlight. The device is designed for both indoor and outdoor use, providing light and entertainment in a single unit.

Product Overview

Versatile Emergency and Leisure Utility

This multifunction device serves as a comprehensive portable solution for lighting and entertainment needs. It integrates a high-intensity LED flashlight with an analog AM/FM radio and a built-in cassette player, making it an ideal companion for outdoor excursions or emergency preparedness kits. Designed for reliability, the unit features a telescopic antenna for clear signal reception and a robust charging indicator to ensure you remain powered.
