Overview

Versatile 3-in-1 Cooking Solution

This multifunctional air fryer oven combines the capabilities of an air fryer, oven, and dehydrator into one powerful appliance. Utilizing a 360° hot air circulation system, it delivers crispy, evenly cooked results with up to 80% less fat compared to traditional frying methods. With its generous 11.6L maximum capacity and intuitive digital controls, it is designed to meet the high-volume needs of modern kitchens while promoting healthier cooking habits.

Compliance

Healthy Frying, Energy Saving, BPA Free Coating
