Overview

Professional Air and Water Purification

This multifunctional ozone generator utilizes advanced corona discharge technology to effectively sanitize air and water in various environments. Designed for versatility, it features adjustable ozone output and timer controls, allowing for precise treatment in homes, offices, vehicles, and medical facilities. The unit is built with durable 304 stainless steel and includes a comprehensive accessory kit for immediate use in sterilization tasks ranging from food preparation to space disinfection.

Technical Specifications

Ozone Output

2 g/hr

Maximum Output

Ozone Concentration	15-25 mg/L
Power Consumption	60 W
Voltage Compatibility	110V-220V / 50-60Hz

Physical Attributes

Available Colors

Blue • White

Housing Material	304 Stainless Steel
Gross Weight	5 kg
Carton Size	36 x 21 x 27 cm

Features & Compliance

Key Features

- Corona discharge (CD) technology
- Adjustable timer and ozone regulator
- Integrated automatic scanning and frequency control
- Quartz ozone tube

Warranty

12 months

Applications

Primary Applications

Air Purification, Food Sterilization, Water Treatment, Odor Removal, Medical Facility Sanitation

Included Accessories

Included Items

Item	Quantity
Ozone Generator	1
Power Line	1
Silicone Tube	3 meters
Airstone	1
Fuse (3A)	1
Manual	1
