

# Multifunctional Slow Juicer with Large Feeding Chute

This multifunctional electric slow juicer efficiently extracts juice from various fruits and vegetables. It features a large 82mm feeding chute, accommodating whole produce and maximizing nutrient retention through its slow juicing process.

## ADDITIONAL IMAGES

## Product Overview

### High-Efficiency Cold Press Juicing

The ECO-SJ005 is a professional-grade multifunctional slow juicer designed to maximize nutrient retention and juice yield. Featuring an 82mm ultra-large feeding chute, it allows for juicing whole fruits and vegetables without the need for pre-chopping or cutting. Its advanced multi-stage screw squeezing technology ensures high-purity juice by efficiently segregating dregs and pulp for a smooth, healthy beverage.

## Technical Specifications

Model Number	ECO-SJ005
Electrical Requirements	220-240V, VDE Plug
Power Cord	0.5mm <sup>2</sup> Copper Wire Cord

## Design & Build

### Available Colors

Red • Black • Champagne

Housing Material	ABS (Food-grade)
Unit Dimensions	215 x 180 x 490 mm

## Operation & Features

### Juicing Technology

- Multi-stage screw squeezing
- Slow squeezing for nutrient retention
- Automatic dregs and juice segregation
- High purity extraction without dregs

### Control Method

One Button Start/Stop

## Accessories & Logistics

### Logistics Data

Metric	Value
Standard Packaging	4pcs/CTN
20GP Container Load	1036pcs

### Included in the Box

Pushing Rod, Dregs Tank, Juice Cup

### Unit Net Weight

4 kg
