

# Natural Gas Instant Water Heater with Timer

This natural gas instant water heater provides on-demand hot water with continuous ignition. It features overheat protection and automatic shutoff for safety, with a low starting water pressure.

## ADDITIONAL IMAGES

## Overview

### Efficient On-Demand Hot Water

This natural gas instant water heater provides a reliable and efficient solution for on-demand hot water in residential settings. Designed with user convenience in mind, it features an integrated timer and adjustable controls for both gas and water flow. The unit offers seasonal efficiency settings, allowing users to optimize performance during both summer and winter months.

## Performance Metrics

### Hot Water Capacity

## Technical Specifications

### Energy Efficiency Standard

Level 2

### Water Pressure Range

0.02 - 0.8 MPa

### Exhaust Method

Constant temperature strong exhaust

## Gas Compatibility

### Gas Type & Pressure

Gas Type	Rated Pressure
NG	2000 Pa
LPG	2800 Pa

## Features

### User Controls

Timer Function, Adjustable Gas Flow, Adjustable Water Flow, Winter Mode, Summer Mode
