

# Natural Sisal Fiber 3-Strand Rope

This sisal rope features a 3-strand twisted construction, ensuring strength and durability. It is ideal for crafting, gardening, and various general applications.

## ADDITIONAL IMAGES

## Product Overview

### Natural Sisal Fiber 3-Strand Rope

This 3-strand twisted rope is crafted from natural, high-quality sisal fibers, offering exceptional durability and tensile strength. Its unique construction provides a non-skid surface, making it an ideal choice for demanding applications in fishery, navigation, and mining. As an eco-friendly and biodegradable solution, it delivers reliable performance while remaining environmentally conscious.

## Key Features

### Material Characteristics

Natural Fiber, Bright, Abrasion Resistant, Non-Skid, Corrosion Resistant, High Tension

## Safety & Usage

### Critical Usage Warnings

- Do not use for overhead lifting.
- Do not exceed the specified working load limit.
- Shock loads can reduce working load capacity by up to 33%.
- Knots can reduce the overall strength of the rope by 40%.
- Regularly inspect for signs of wear such as broken fibers and replace as necessary.
