

Needle Nose Pliers with Ergonomic Grip

These needle-nose pliers are designed for precision work in tight spaces. Constructed from durable metal, they feature ergonomic handles for a comfortable grip.

Product Overview

Precision Needle Nose Pliers

These needle-nose pliers are expertly designed for precision tasks in tight, hard-to-reach spaces. Featuring a long, tapered nose, they are ideal for delicate work in electrical, electronic, and jewelry-making applications. The tool combines durable metal construction with ergonomic, dual-tone handles to ensure comfort and control during extended use.
