

# Needle Roller Bearing for Peugeot

This needle roller bearing is designed for use in Peugeot vehicles. It ensures smooth and reliable operation, contributing to optimal performance.

## Product Overview

### Precision Needle Roller Bearings

These high-quality needle roller bearings are precision-engineered for specific Peugeot automotive applications. Designed to meet or exceed OEM standards, these components ensure smooth, reliable operation and are built to contribute to the long-term performance and durability of vehicle suspension systems.

## Certifications & Standards

### Quality Certifications

ISO 9001, TS 16949

## Compatibility & OEM

### Vehicle Models Supported

- Peugeot 106
- Peugeot 206
- Peugeot 306
- Peugeot 405

### OEM Reference List

Vehicle	Reference Numbers
Peugeot 206	DB70216, NE702145132.72, 5131.a6
Peugeot 405	DBF68933, NE689345131.48, 5131.49

## Repair Kits

### Available Repair Kits

- KS559.00
- KS559.01
- KS559.02
- KS559.03
- KS599.04
- KS559.05
- KS559.06
- KS559.07
- KS559.08
