

Ni-MH Rechargeable Battery Pack 3.6V 1500mAh

This is a rechargeable Ni-MH battery pack with a 1500mAh capacity and 3.6V voltage. It features a two-pin connector for integration with compatible devices.

Overview

Reliable Power Solution

This 3.6V Ni-MH rechargeable battery pack offers a capacity of 1500mAh, providing a dependable power source for various electronic applications. Designed with a standard two-pin connector, it ensures easy integration and compatibility with a wide range of devices. Its compact form factor makes it an ideal choice for equipment requiring consistent and rechargeable energy.

Technical Specifications

Battery Chemistry	Nickel-Metal Hydride (Ni-MH)
Nominal Voltage	3.6 V
Capacity	1500 mAh
Connector Type	Two-pin connector

Key Features

Product Highlights

Rechargeable • Compact Design • Easy Integration
