

Ni-MH Rechargeable Battery Pack 3.6V 600mAh

This Ni-MH battery pack delivers 3.6V with a capacity of 600mAh. It is suitable for electronic applications requiring a rechargeable power source.

Overview

Reliable Rechargeable Power

This 3.6V Nickel-Metal Hydride (Ni-MH) battery pack provides a compact and dependable energy solution for various electronic devices. With a capacity of 600mAh, it is engineered to deliver consistent performance for applications requiring a rechargeable power source. Its robust design ensures compatibility and ease of integration for your specific electronic projects.

Technical Specifications

Battery Chemistry	Ni-MH (Nickel-Metal Hydride)
Nominal Voltage	3.6 V
Rated Capacity	600 mAh

Key Features

Key Highlights

3.6 V Voltage	600 mAh Capacity
