

Nitrile Coated Work Gloves

These nitrile-coated work gloves offer excellent grip and protection for a variety of tasks. The comfortable knit wrist keeps out dirt and debris, making them suitable for gardening, construction, and general use.

Product Overview

Professional Nitrile-Coated Safety Gloves

These purple nitrile-coated work gloves are engineered to provide superior grip and robust protection for a wide range of demanding tasks. The durable nitrile coating offers excellent resistance against punctures, cuts, and abrasions, making them a reliable choice for handling rough materials. Designed with a comfortable knit wrist, they effectively seal out dirt and debris, ensuring both safety and dexterity for gardening, construction, and general-purpose applications.
