

Non-Asbestos Engine Gasket

This non-asbestos gasket provides a reliable seal between engine components, preventing leaks and maintaining optimal performance. It is constructed from durable, heat-resistant materials to withstand high temperatures and pressures.

Product Overview

High-Performance Engine Sealing Solution

This non-asbestos engine gasket is engineered for demanding tractor engine applications, providing a robust and reliable seal between critical engine components. Designed to withstand high temperatures and extreme pressures, it ensures optimal engine efficiency and longevity. With a precision-engineered construction, it offers a perfect fit for Massey Ferguson equipment, effectively preventing leaks and maintaining consistent performance.

Technical Specifications

Product Type	Tractor Engine Gasket (Non-Asbestos)
OEM Part Numbers	36812349, 3681E021, 3638845M1, 746342M1
Compatible Equipment	Massey Ferguson
Product Reference	66-AG-0023-02

Performance Features

Key Benefits

- High temperature resistance
- High pressure resistance
- Oil and water resistant
- Long service life
- Standard quality construction
