

Non-Damaging Hose Clamp Set

This 3-piece hose clamp set features non-damaging plastic jaws to protect hoses during use. With a 1/2" - 3/4" jaw capacity and lightweight body, the clamps are ideal for automotive and plumbing applications.

Product Overview

Professional 3-Piece Hose Clamp Set

This versatile 3-piece hose clamp set is designed for automotive and plumbing applications where protecting the integrity of hoses is essential. Featuring non-damaging plastic jaws, these clamps ensure a secure grip without causing surface damage or internal structural harm. The lightweight body design allows for easy handling during complex maintenance tasks.
