

Non-Stick Angel Food Cake Pan with Removable Bottom

This non-stick angel food cake pan is designed for baking light and airy angel food cakes. It features a removable bottom for easy release and cleaning.

Product Overview

Professional Baking Performance

This non-stick angel food cake pan is engineered to deliver light, airy, and perfectly baked cakes every time. Constructed from durable carbon steel, it ensures even heat distribution throughout the baking process. The central tube design promotes consistent rising, while the removable bottom allows for effortless cake release and simplified cleanup.
