

Nylon 66 Cable Tie 2.5x100mm

These cable ties are made from nylon 66 material. They have a UL flammability rating of 94V-2 and measure 2.5x100mm.

Product Overview

High-Quality Nylon 66 Cable Ties

These 2.5x100mm cable ties are manufactured from UL-recognized Nylon 66, ensuring reliable performance for various fastening needs. Featuring a UL 94V-2 flammability rating, they provide a safe and durable solution for organizing cables and securing items. The products come in neutral packaging, making them ideal for businesses looking to apply their own brand stickers for resale.
