Product Overview

Rugged Off-Road Performance

Engineered for durability and aggressive styling, this off-road wheel is designed to withstand the rigors of challenging environments. Featuring a robust construction and intricate multi-spoke design, it enhances both the structural integrity and aesthetic appeal of trucks and SUVs. The wheel is finished with a durable coating to provide resistance against corrosion and abrasion, ensuring long-lasting performance for the off-road enthusiast.

Technical Specifications

Available Wheel Configurations

Size	Offset (ET)	PCD	Holes	Center Hole
20x9.0	0-18	127-180	5/6/8/H	78-125
20x10	-18	127-180	5/6/8/H	78-125
20x12	-44	127-180	5/6/8/H	78-125
22x10	-18	127-180	5/6/8/H	78-125
22x12	-44	127-180	5/6/8/H	78-125
22x14	-76	127-180	5/6/8/H	78-125
24x12	-44	127-180	5/6/8/H	78-125
24x14	-76	127-180	5/6/8/H	78-125
