## Product Overview

### Efficient Oil-Filled Heating Solution

This oil-filled electric space heater is engineered for high-efficiency heat distribution, utilizing dual U-shaped heating tubes to maximize output. With a robust 2200W capacity and 13 heating fins, it is designed to provide consistent warmth for residential or office environments. The unit includes thoughtful convenience features like an integrated clothes rack and a humidifying box, alongside essential safety mechanisms such as tip-over and overheating protection.

## Technical Specifications

### Heating Power

**2200 W**

Power Output

### Number of Fins

13

### Heating Technology

Oil-filled with dual U-shaped tubes

## Safety & Features

### Additional Features

- Integrated draw and pull type clothes rack
- Built-in humidifying box
- Casters for easy portability

### Safety Features

Tip-over Protection, Overheating Protection
