

# Oil-Filled Radiator Heater

This oil-filled radiator heater provides efficient and safe heating for homes. It features adjustable heat settings, a thermostat, and a fin design for optimized heat distribution.

## Product Overview

### Efficient Home Heating Solution

The OHC-A oil-filled radiator heater is engineered for consistent, reliable warmth during colder months. It features an optimized fin design that maximizes heat dissipation and radiation efficiency. Designed with both safety and convenience in mind, this unit includes thermal cut-off protection and a built-in thermostat for precise temperature control.

## Technical Specifications

Model	OHC-A
Safety Standards	Thermal cut-off, Pressure tested
Control Method	Thermostat control

## Usability & Design

### Mobility

- Smooth castors for easy movement
- Convenient cord storage

### Maintenance

Easy to clean

## Performance

### Efficiency & Performance

Energy efficient • Large heating surface
