

Oil-Filled Radiator Heater

This oil-filled radiator provides 500 watts of heat. It has a built-in thermostat for energy saving temperature control.

Product Overview

Efficient Heating Performance

This compact oil-filled radiator heater features a six-fin design engineered for consistent and efficient heat distribution. It utilizes a permanently factory-sealed diathermic oil system with an enclosed heating element for safe, internal heat generation. Designed for convenience, the unit includes an integrated carrying handle for easy portability and an automatic thermostat to maintain your desired temperature while saving energy.

Technical Specifications

Heat Output

500 W

Power Output

Fin Count

6

Key Features

Automatic Thermostat, Energy Saving, Portable, Integrated Handle, Sealed Oil System
