

Oil-Filled Radiator Heater with Overheat Protection

This oil-filled radiator heater provides adjustable warmth with multiple fin options, from 5 to 15. It is equipped with both tip-over and overheat protection.

Overview

Efficient Space Heating Solution

This oil-filled radiator heater provides reliable and consistent warmth, making it an ideal choice for supplemental heating in residential or office environments. Designed with safety and convenience in mind, it features adjustable heat settings, a thermostat, and an automatic overheat safety cut-off. The unit is built for portability with integrated castors and a handle, ensuring it can be easily moved between rooms as needed.

Technical Specifications

Voltage	220-240V
Frequency	50Hz
