

# Oil-Filled Radiator Space Heater

This oil-filled radiator heater is designed for efficient and safe space heating. It has multiple heat settings, a thermostat, overheat protection, and wheels for easy movement.

## Product Overview

### Efficient Space Heating Solution

This oil-filled radiator heater is engineered to provide reliable and consistent warmth for both residential and office environments. Featuring a specialized fin design that maximizes heat dissipation, it ensures efficient thermal output. With built-in safety mechanisms like overheat protection and an integrated thermostat, this unit offers a convenient and secure heating solution for any space.

## Key Features

Safety Features	Overheat Protection, Thermostat Control
Portability	Yes

## Performance

Heat Settings  
Multiple Settings

### Design Advantages

- Optimized fin design for maximum heat dissipation
- Built-in wheels for easy mobility
- Consistent temperature maintenance

## Applications

Recommended Environments	Home, Office
