

Oil-Filled Space Heater

This oil-filled radiator provides consistent and efficient heating for residential spaces. It features adjustable heat settings and a thermostat for customized comfort, along with caster wheels for easy mobility and a cord storage solution.

Overview

Efficient Heating Performance

This oil-filled space heater is designed for reliable and consistent warmth, featuring a large heating surface for rapid radiation. Equipped with triple overheat protection and pressure-tested components, it ensures safety during operation. The unit offers user-friendly controls, including three heat settings and an adjustable thermostat, making it an energy-efficient solution for residential or office spaces.
