

Oil-Filled Space Heater

This oil-filled radiator provides consistent and efficient heating for indoor spaces. It features adjustable heat settings and overheat protection for safe and customized comfort.

Overview

Efficient Oil-Filled Heating Solution

This oil-filled space heater provides consistent and reliable warmth for professional or residential environments. Engineered with a large heating surface and integrated turbo fan, it ensures rapid heat radiation and energy efficiency. Designed with safety as a priority, the unit includes pressure testing, triple overheat protection, and adjustable thermostat controls for precise comfort management.

Technical Specifications

Power Requirements

220 V

Voltage Min

240 V

Voltage Max

400 W

Turbo Fan Power

Frequency	50/60Hz
Heat Settings	3
Certifications	GS, CE, EMC, ROHS

Features

Key Features

- Triple overheat protection system
- Adjustable thermostat control
- 24-hour timer
- 400W turbo fan
- Smooth castors for mobility
- Integrated cord storage
- Pressure tested for safety
