

Oil-Filled Space Heater Radiator

This oil-filled radiator provides efficient and consistent space heating. It features multiple heat settings, adjustable thermostat control, and a triple overheat protection system for safety.

Overview

High-Efficiency Oil-Filled Radiator

This oil-filled space heater is designed for reliable and efficient room heating, featuring a large surface area for rapid heat radiation. Equipped with a triple overheat protection system and pressure-tested components, it ensures safety during operation. The unit includes adjustable thermostat controls, three heat settings, and a 400W turbo fan for enhanced performance, making it a versatile choice for various indoor environments.

Technical Specifications

Electrical Requirements

220 V

Voltage Min

240 V

Voltage Max

50 Hz

Frequency

Certifications

GS • CE • EMC • ROHS

Fin Dimensions

160*600mm

Safety Features

Triple Overheat Protection, Pressure Tested, Indicator Lights

Features

Key Features

- 3 Heat settings
- Adjustable thermostat control
- 400W Turbo fan included
- Smooth castors for mobility
- Integrated cord storage
- Easy to clean design
