

# Oil-Filled Space Heater Radiator

This oil-filled radiator provides consistent heating for indoor spaces. It has multiple heat settings, a thermostat, and caster wheels for portability.

## Product Overview

### Efficient Indoor Heating Solution

This oil-filled radiator is engineered to provide consistent and efficient heating for indoor environments such as homes and offices. Designed with an advanced fin structure to maximize surface area, it ensures optimal heat dissipation for a comfortable atmosphere. The unit combines user-friendly controls with essential safety features, making it a reliable choice for supplemental heating needs.

## Technical Specifications

Heat Settings	Multiple adjustable settings
Control Interface	Rotary dial
Thermostat	Yes
Power Indicator	Yes

## Key Features

Portability Caster Wheels	
Safety Features	Overheat Protection, Anti-Tip Stable Base
Design	Optimized fin design for maximum surface area
