

Oil-Filled Space Heater Radiator

This oil-filled radiator is designed for efficient space heating. It has multiple fins for enhanced heat distribution, adjustable settings, and caster wheels for easy movement.

Product Overview

Efficient Oil-Filled Heating Solution

This oil-filled space heater radiator is designed for effective and consistent warmth in various environments. Featuring multiple heat settings and an adjustable thermostat, it offers precise control over room temperature. Built with safety in mind, it includes a triple overheat protection system and pressure testing, making it a reliable choice for professional heating needs.

Technical Specifications

Electrical Requirements	220-240V, 50/60Hz
Certifications	GS, CE, EMS, ROHS
Fin Size	110*580mm

Features

Core Features

- 3 heat settings
- Adjustable thermostat control
- Triple overheat protection system
- 24-hour timer
- Smooth castors for easy movement
- Integrated cord storage
