

Oil-Filled Space Heater Radiator

This oil-filled radiator provides efficient space heating for residential environments. It features an adjustable thermostat, multiple heat settings, and a safety overheat protection system.

Overview

Efficient Heating Solution

This oil-filled radiator is designed for effective space heating, utilizing a large surface area for rapid and consistent heat radiation. It features a triple overheat protection system and has been pressure-tested to ensure safety in professional and residential environments. With adjustable thermostat controls and a 24-hour timer, it offers flexible operation to suit various heating needs.

Technical Specifications

Voltage & Frequency	220-240V, 50/60Hz
Heat Settings	3
Fin Size	160*600mm

Certifications

Certifications	GS, CE, EMC, ROHS
----------------	-------------------

Features

Key Features

- Triple overheat protection system
- Adjustable thermostat control
- 24-hour programmable timer
- Operation switches with indicator lights
- Pressure tested for safety
- Smooth castors for mobility
- Integrated cord storage
- Easy to clean design

Logistics & Models

Model Specifications

Fins	Net Weight (kg)	Gross Weight (kg)	Dimensions (cm)
7 Fins	9.5	10.5	35x17x66
9 Fins	11.8	12.9	43x17x66
11 Fins	14.1	15.4	51x17x66
13 Fins	16.2	17.5	59x17x66
