

Oil-Filled Space Heater with Adjustable Thermostat

This oil-filled radiator provides efficient space heating for indoor environments. It features multiple fins to maximize heat distribution and a thermostat for temperature control.

Product Overview

Efficient Heating Performance

This oil-filled radiator is designed for reliable and efficient indoor heating, featuring durable 0.5mm steel construction and eco-friendly conducting oil. It offers versatile heating options with multiple power settings and an adjustable thermostat to maintain your ideal comfort level. Built with user convenience and safety in mind, the unit includes smooth-rolling castors, a handle for easy movement, and an integrated overheat safety cut-off system.

Technical Specifications

Steel Thickness	0.5 mm
Fin Dimensions	125mm x 510mm
Fin Configuration	5 to 13 fins
Oil Type	Green environmental conducting oil

Performance

Power Output Options

Total Power	Stage 1	Stage 2	Stage 3
1000W	500W	500W	1000W
1500W	600W	900W	1500W
2000W	800W	1200W	2000W
2500W	1000W	1500W	2500W

Features & Safety

Usability

- Adjustable thermostat
- Handle for easy transport
- Castor wheels for mobility
- Wrap around cord storage

Safety Features

Overheat safety cut-off, Indicator lights
