

Oil-Filled Space Heater with Adjustable Thermostat

This oil-filled radiator provides consistent space heating with multiple heat settings. It includes an adjustable thermostat and safety features like overheat protection.

Product Overview

Efficient Oil-Filled Heating Solution

This oil-filled space heater provides consistent, reliable warmth for indoor environments. Engineered for safety and efficiency, it features an adjustable thermostat, triple overheat protection, and a 24-hour timer for customized comfort. With its durable construction and integrated castors, this heater combines powerful performance with easy portability, making it an ideal choice for supplemental heating in homes or offices.

Technical Specifications

Power Requirements

220 V

Voltage

240 V

Voltage Max

60 Hz

Frequency

Key Features

- 3 heat settings
- Adjustable thermostat control
- Triple overheat protection system
- Pressure tested for safety
- 24-hour timer
- Cord storage
- Smooth castors for mobility

Safety Certifications

GS, CE, EMC, ROHS
