

# Oil-Filled Space Heater with Adjustable Thermostat

This oil-filled radiator provides efficient space heating. It features adjustable thermostat control, multiple heat settings, and a triple overheat protection system.

## Overview

### Efficient Heating Performance

This oil-filled space heater is designed for reliable and energy-efficient warmth in residential settings. Featuring rapid heat radiation and a large heating surface, it provides consistent comfort with three adjustable heat settings. The unit includes advanced safety features such as triple overheat protection and pressure testing, ensuring peace of mind during operation.

## Technical Specifications

Power Supply	220-240V, 50/60Hz
Fin Size	150*580mm
Heat Settings	3
Certifications	GS, CE, EMC, ROHS

## Key Features

### Safety Systems

- Triple overheat protection system
- Pressure tested for safety
- Operation switches with indicator lights

### Convenience Features

- Adjustable thermostat control
- Smooth castors for easy movement
- Integrated cord storage
- Easy to clean design

## Logistics and Variants
