

Oil-Filled Space Heater with Adjustable Thermostat

This oil-filled radiator provides efficient and consistent heating for indoor spaces. It features adjustable thermostat control and multiple heat settings, allowing for customized comfort levels.

Product Overview

Efficient Heating Performance

This oil-filled space heater is designed for consistent and rapid heat radiation, making it an excellent choice for maintaining comfortable indoor temperatures. It features a versatile design with multiple heat settings and an adjustable thermostat to suit various environmental needs. Built with safety as a priority, the unit includes a triple overheat protection system and pressure-tested components for reliable, long-term operation.

Technical Specifications

Power Supply	220-240V, 50/60Hz
Heat Settings	3
Fin Size	110 x 580 mm

Certifications

Certifications	GS, CE, EMC, ROHS
----------------	-------------------

Key Features

Safety Features

Triple Overheat Protection • Pressure Tested • Indicator Lights

Usability

- Smooth castors for easy movement
- Integrated cord storage
- Easy to clean design
- Adjustable thermostat control
