Product Overview

Clean, Reliable Compressed Air

This oil-free air compressor is engineered for versatility and consistent performance in both professional and DIY environments. By utilizing an oil-free pump design, it delivers clean air while significantly reducing maintenance requirements and extending equipment lifespan. Its compact, portable build makes it an ideal solution for powering pneumatic tools, spray painting, and general inflation tasks.

Performance Specifications

Maximum Pressure	125 PSI
Pump Mechanism	Oil-free

Key Features

Maintenance

Maintenance-free

Control System

- Pressure regulator
- Pressure gauge
- User-friendly controls

Portability

Wheels, Handle, Compact Design

Applications

Suitable Applications

- Inflating tires
- Powering pneumatic tools
- Spray painting
