

Oil-Free Silent Air Compressor

This oil-free air compressor provides clean and quiet operation. The twin-cylinder configuration enhances performance and reduces vibration.

Product Overview

Clean and Quiet Performance

The YW250 series silent oil-free air compressor is designed for environments requiring clean, contaminant-free air with minimal noise output. With a noise level of only 57 dB, it operates discreetly, making it suitable for sensitive professional spaces. This unit offers a robust 0.25kW power output while maintaining high reliability and longevity for pneumatic applications.
