

On-Demand Electric Water Heater with Digital Display

This instant water heater provides hot water on demand. It features a digital temperature display for monitoring and user-friendly controls for adjusting settings.

Product Overview

On-Demand Electric Water Heater

The QWH-G9 is an efficient, on-demand electric water heater designed to provide instant hot water without the need for storage tanks. Featuring a clear digital temperature display, this unit allows for precise control and monitoring of water temperature. Its compact, wall-mountable design makes it suitable for a variety of household and commercial applications where space is at a premium.

Technical Specifications

Model	QWH-G9
Product Dimensions	365 x 240 x 74 mm
