

# On-Demand Gas Water Heater

This gas-fired instantaneous water heater provides on-demand hot water. The wall-mounted unit features digital temperature display and safety mechanisms.

## ADDITIONAL IMAGES

## Product Overview

### High-Efficiency On-Demand Heating

This forced-exhaust gas water heater is engineered for reliable, on-demand hot water delivery in a compact, space-saving form factor. Designed for high efficiency and safety, it features intelligent temperature control and low water pressure start-up capabilities. Its modern aesthetic and robust protection systems make it an ideal solution for residential water heating requirements.

## Key Features

### Core Features

Forced Exhaust, Compact Design, High-Efficiency Heat Exchanger, Low Water Pressure Start-Up, Intelligent LED Display

## Technical Specifications

### Safety Protections

- Multi-Safe Protection System
- Overheat Protection
- Flame Failure Detection

### Performance Metrics

**8.8 L/min**

Capacity Rating

### Control Interface

Digital Temperature Display • Adjustable Water Flow Control • Adjustable Gas Input Regulation
