

One-Piece Steel Ripping Hammer

This is a one-piece ripping hammer. It features solid forged steel construction and an ergonomic, vibration-absorbing, non-slip soft grip handle with a safety pin and textured grip.

Product Overview

Professional Ripping Hammer

This one-piece ripping hammer is engineered for durability and performance in demanding work environments. Featuring solid forged steel construction, it offers superior strength and balance for heavy-duty striking and prying tasks. The ergonomic, vibration-absorbing handle ensures user comfort during extended use, while the integrated non-slip grip and safety features provide enhanced control and security on the job site.
