Product Overview

Premium OPP Pearlized Film Labels

These high-quality OPP pearlized film labels are engineered for the beverage and consumer goods packaging industry. Designed for durability and visual appeal, they offer excellent moisture resistance and superior print quality, making them ideal for branding and product identification. Optimized for high-speed automated labeling machinery, these labels ensure reliable adhesion, strong sealing, and efficient application processes.

Key Characteristics

Material Properties	Waterproof, Air-proof, Non-toxic, Eco-friendly, Moisture Barrier
Performance Features	Strong Sealing, Non-breakage, Non-leakage, Easy to Tear

Technical Specifications

Customization Options

- Size
- Shape
- Adhesive Type
- Design/Branding

Material Type	Oriented Polypropylene (OPP) / Pearlized Film
Printing Compatibility	Gravure Printing
Application Method	Automated Labeling Machinery
